

### Application for connection of electricity consumption equipment to the distribution system – Enterprises and Organisations

#### 1. \*Subject of application

- Connection of new supply point
- Connection of new supply point concerning an electricity generation (power plant)
- Change of customer at the existing supply point with no change to main circuit breaker and measurement type
- Increase/ decrease of the value of maximum reserve capacity of the existing supply point
- Change in the number of phases (from 1 to 3 phases and vice versa)
- Change of measurement type (Single rate tariff to double rate (1T) to double rate tariff (2T))
- Relocation of measurement (Relocation of electricity meter switchboard to publicly accessible place)
- Short-term consumption
- Connection of charging station for electric vehicles

#### 2. Applicant

\*Academic title, name and surname / Business name

\*Date of birth / Company Reg No

\*VAT Reg no

\*Tax Reg No

\*Registered in the Trade Licence Register / Companies Register (Companies register, Section, Entry no)

\*Type of business entity

#### 3. Applicant's registered office

Street

\*House no

Listing no

\*Town / Part of town

\*ZIP code

#### 4. Postal address (please, fill out only if different from data stated in part 3) Applicant's Registered office)

Street

House no

Listing no

Town / Part of town

ZIP code

#### 5. Contact

Telephone / Mobile

Sending the Contract on Connection to email

E-mail

\*Governing bodies represented by (academic title, name, surname, position)

Governing bodies represented by (academic title, name, surname, position)

\*Persons authorized to sign and act in connection with the contract (academic title, name, surname, position)

Persons authorized to sign and act in connection with the contract (academic title, name, surname, position)

Bank

Account no / Bank code

\*If the fields marked with asterisk (\*) are not filled-out, and/or the Application misses the attachments as per part (11), the Application will not be accepted.

## 6. Supply point address

*Street	House no	Floor	*House no /Listing no	*Parcel no
*Town / Part of town		*ZIP code		Supply point ID
*District	*Cadastral area	*Číslo miesta dodávky (EIC)		

## 7. Applicant's declaration

Applicant declares on his/her honour that he/she is the only owner/majority co-owner of the real estate/construction in which the electricity consumption equipment (only the "equipment") is/will be established, or that he has the consent of the only owner/majority co-owners of the real estate in which the equipment is/will be established, to the establishment/operation/connection of the equipment to the distribution system in such real estate/construction.

## 8. Electrical appliances

Direct heating	Installed input power [kW]
Storage heating	Installed input power [kW]
Technical water heating	Installed input power [kW]
Air conditioning	Installed input power [kW]
Thermal pump	Installed input power [kW]
Sudden surge consumption appliances (motors, welders etc.)	Installed input power [kW]
Drives with frequency converters	Installed input power [kW]
Electric furnaces <input type="checkbox"/> arc <input type="checkbox"/> resistance <input type="checkbox"/> frequency	Installed input power [kW]
Charging station for electric	Installed input power [kW]
Other appliances	Installed input power [kW]
<b>Installed input power</b>	Installed input power [kW]

## 9. Applicant's additional data

---

---

---

## 10. Technical parameters

*Connection of new supply point	<input type="checkbox"/> Definite	<input type="checkbox"/> Temporary
*Requested number of phases	<input type="checkbox"/> 1 phase	<input type="checkbox"/> 3 phases
*Existing value of maximum reserve capacity	_____ A/ _____ kW	
*Requested value of maximum reserve capacity	_____ A/ _____ kW	
*Requested measurement	<input type="checkbox"/> Single rate tariff	<input type="checkbox"/> Double rate

\*If the fields marked with asterisk (\*) are not filled-out, and/or the Application misses the attachments as per part (11), the Application will not be accepted.

## 11. Required attachments

- A clear site plan with the location of the building including parcel numbers and street names (in a scale 1 : 1 000 or 1 : 2 000, or 1 : 2 880). It is recommended that all neighbouring objects be drawn,
- If the consumption equipment is required to have its own energy source, please, attach a completed application for the connection of the electricity generation facility.

## 12. Above-standard distribution

Západoslovenská distribučná, a.s. offers above-standard distribution on MV and HV levels based on a contract on above-standard connection and contract on above-standard distribution.

\* Above-standard distribution requested

yes

no

## 13. Applicant's personal data protection

Západoslovenská distribučná, a.s., Čulenova 6, 816 47 Bratislava, Company Reg No: 36 361 518 (only "ZSD") processes personal data in the extent required for the Contract's performance including pre-contract relations, in order to meet obligations resulting from applicable laws, for purposes of legitimate interests or based on the consent to the processing of personal data. Protection and processing of personal data applies only to information concerning natural persons. ZSD as a controller shall be responsible for protection and processing of personal data. The Applicant shall be obliged to provide ZSD with data marked as obligatory, otherwise ZSD may refuse the Application or not to deal with it. Other information concerning the conditions for the processing of personal data including the rights of the Applicant as data subject and possibilities for their application can be found in the information on personal data available in the current wording at [www.zsdis.sk/gdpr](http://www.zsdis.sk/gdpr) (only "Data Protection Information"). By his/her signature the Applicant confirms that he/she (i) has read Data Protection Information and (ii) has informed other persons whose personal data he provided to ZSD in relation to this Application (e.g. entitled persons) of the conditions for processing of personal data in the extent specified by applicable laws.
